EDUCATION

Bachelor of Computer Science and Engineering, Chitkara University Punjab, 9.48 CGPA   2019 - 2023
.

SKILLS

Programming Languages: Java (Proficient), JavaScript (Proficient)

Database and Language: Experience in MySQL, SQL

Frameworks: working experience in React JS, Angular, Bootstrap, Spring Boot

Version Control Tools and IDE: Git, GitHub , Postman , Visual Studio Code, AWS

Course Work: Database and management system, Object-Oriented Programming, Software Development
              Computer Networks, Operation Systems, Data Structures, and Algorithms

Work EXPERIENCE

(SOFTWARE DEVELOPER INTERN) - BEEHYV   **May 2022 – July 2023**,
Hyderabad, India

- Trained in Core Java, Adv Java, DBMS, UI, Spring Boot Angular.
- Managing UI using HTML, CSS, JavaScript, Angular and React.Js.
- Creating reusable components to optimize code and speed of web app
- Developed dynamic and interactive data tables using Ag Grid in Angular and AngularJS, leveraging advanced features to enhance data visualization and user experience.
- Developed Front-end using Angular and created required APIs in Backend for a client Project
- OrgCart - The project aimed the organizational structure and reporting relationships within the company and enhancing operational efficiency. In this project, I build nodes and relationships of employees and made custom UI to show Hierarchy of the company's employees

(CSE SUBJECT EXPERT)   - CHEGG   **March 2022 – September 2022**
(Remote)

- Computer Science Subject Expert At Chegg.
- ASSISTING CSE STUDENTS : I have helped CSE students across the world in solving assignments and DSA problems ,providing guidance and support to help them deepen their understanding of these concepts

PROJECTS

Swiggy Clone - Github
UI-(React-JS)

- Developed and executed a comprehensive project plan to create a frontend page similar to the Swiggy website in React JS, resulting in a fully functional and visually appealing website.
- **Tech stack used:** JS, React JS ,Html ,CSS

MultiText Editor - GitHub
UI-(React-JS)

- Developed and executed a comprehensive project plan to build an editor with multiple functionalities in React JS, resulting in a successful completion of the project within the given timeline
- **Tech stack used:** JS, React JS ,Html ,CSS

Shopping Cart –
Full-Stack - (React & Spring-Boot)

- This is the project of Ecommerce website, in which I create an interactive and dynamic user interface using ReactJs and Spring Boot framework in backend to create RESTful APIs with MySQL database
- **Tech stack used:** JS, Angular , Java , Spring Boot ,MySQL

CERTIFICATES AND SOFT SKILLS

- Languages :   English , Hindi

- Certifications: Introduction To Web Development , AWS Fundamentals: GOING Cloud-Native

- Soft-Skills : Problem Solving , Multitasking , Leadership , Communication
